

Block 6 | A Gathering Flight

Block 6, A Gathering Flight, introduces the classic flying geese unit, a foundational block element that adds movement, direction, and rhythm to your quilt. Like friends finding their place around the campfire, these units come together one by one to guide the eye and build beautiful momentum across the design.

*Please reference either the Weekly Whim² **Afternoon Delight Palette Materials List** or the **Sunday Morning Sunshine Palette Materials List** to determine which palette details apply to your plan below. Whether you are using these exact fabrics or substituting from your own stash, be sure to choose either a 14-piece or 21-piece layout. Selecting one of these two options will allow us to map your quilt accurately within the appropriate specifications.

Sunday Morning Sunshine 14-piece (limited fabric range)

we'll make (2) of each.

Afternoon Delight - 21-piece (scrappier fabric range)

we'll make (2) of each.
