Block 5: Go Your Own Way

Made from Half Square Triangles and Y Blocks, this design spins outward with quiet confidence. Each point moves in its own direction, reminding us there's no single right path. Only the one that's yours.

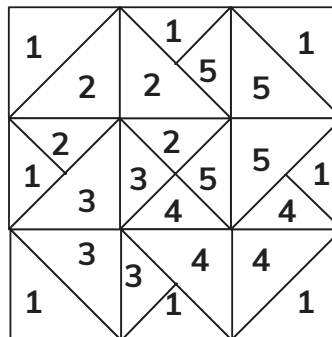

This block does ask a bit more of us, but it's nothing we can't handle together. We'll want to really adhere to our standard **SCANT ¼"** **seam** rule and also follow a few less-than-usual trimming measurements. Take your time. This one's worth it.

make (1).

A Tip Before Cutting: Since this block involves all triangle pieces which have bias-cut edges, it's helpful to use spray starch to set your fabrics before cutting. This will minimize the propensity to stretch once your squares are cut into triangles.

- From Fabric 1, cut:**
 (2) 4" square **and** (2) 3 ¼" square
From Fabric 2, cut:
 (1) 4" square **and** (1) 3 ¼" square
From Fabric 3, cut:
 (1) 4" square **and** (1) 3 ¼" square
From Fabric 4, cut:
 (1) 4" square **and** (1) 3 ¼" square
From Fabric 5, cut:
 (1) 4" square **and** (1) 3 ¼" square

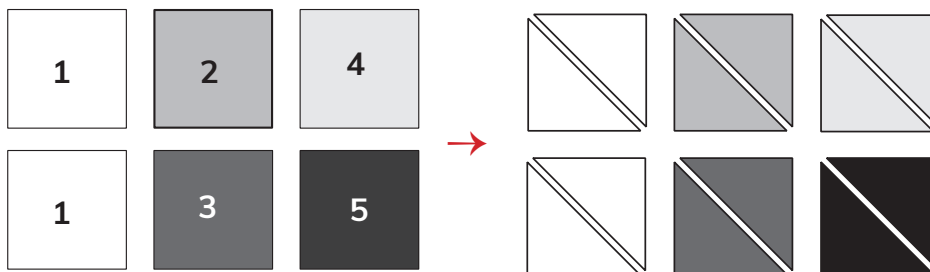

Makower Linen Texture Colors

Fabric 1: BG Osnaburg or Storm S4
 Fabric 2: Celery G2
 Fabric 3: Fuchsia P6
 Fabric 4: Chambray B6
 Fabric 5: Magenta L7

Making the Block

1. Gather all **Fabrics 1 through 5** - 4" squares and cut in half diagonally to produce (2) triangles of each. These triangles represent our **large** triangles for this block.

Make (4) triangles from the **Fabric 1** squares and (2) triangles each from the **Fabrics 2, 3, 4, and 5** squares.

Making the Block (Block 5 cont.)

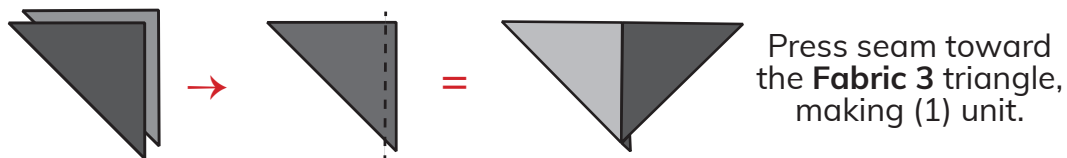

2. Gather all **Fabrics 1 through 5** - 3 ¼" squares and cut in half diagonally to produce (2) triangles of each. These triangles represent our **small** triangles for this block.

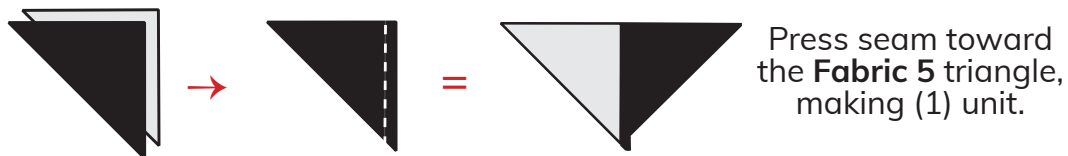

3. Continuing to focus on the **Step 2** triangles, pair together the following, as shown.

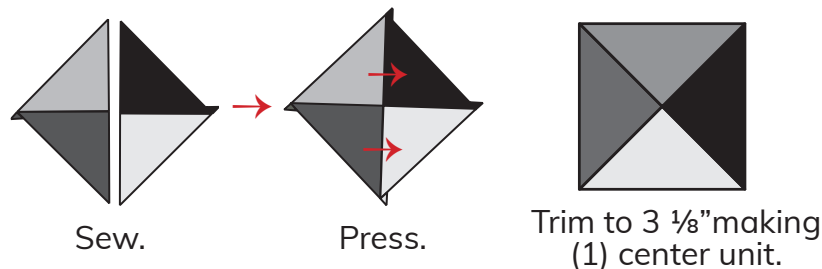

4. Sandwich the **Fabrics 2 and 3** triangles RST as shown and join using a **scant ¼" seam**, beginning your seam at the square end for a more blunt starting point.

5. Repeat **Step 4** the **Fabrics 4 and 5** triangles, creating a similar unit.

6. Join the **Step 4** and **Step 5** units as shown using a **scant ¼" seam**.

Making the Block (Block 5 cont.)

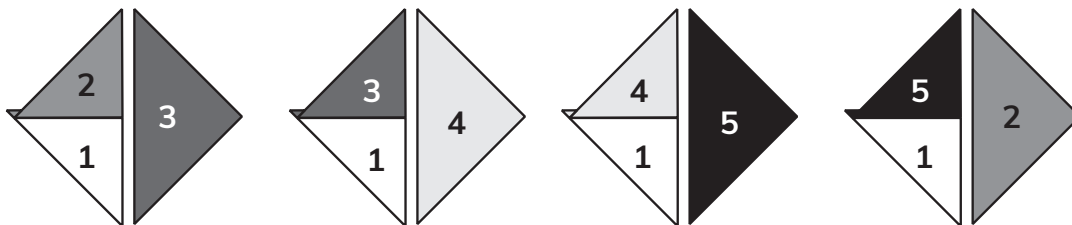

7. Continuing to focus on the **Step 2** triangles, pairing together the following triangles, as shown.

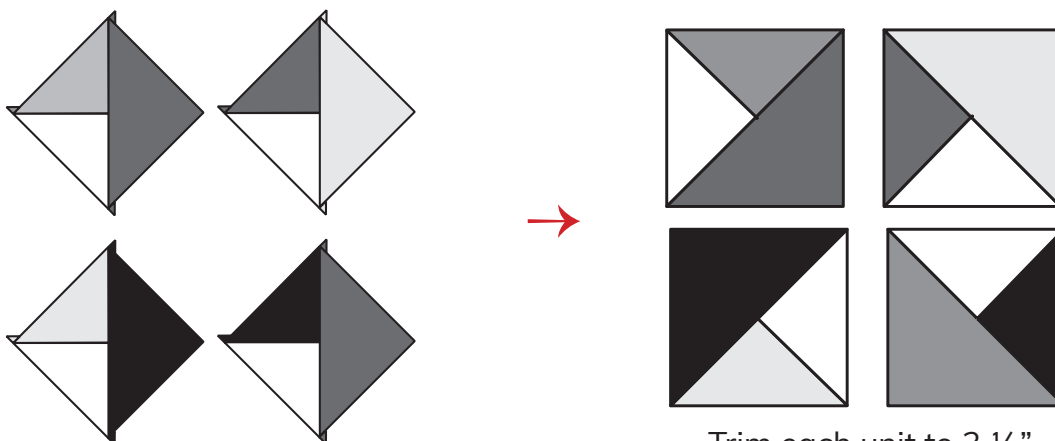

8. Repeat **Step 4** to join the (4) triangle pairs, pressing toward **Fabrics 2, 3, 4, and 5**.

9. Gather all **Step 1** triangles and **Steps 7 and 8** units, pairing the following sets as shown.

10. Join the paired units using a **scant 1/4" seam**, and press toward the **Step 1** (larger) triangle.

Trim each unit to 3 1/8"
making (4) side units.

Making the Block (Block 5 cont.)

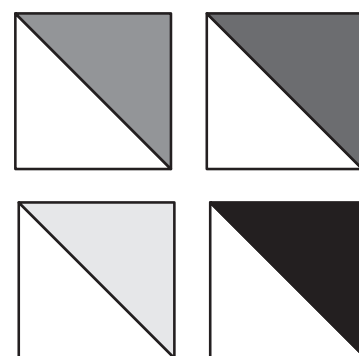

11. Pair together the remaining Step 1 triangles as shown and join each pair using a **scant 1/4 seam**.

Pair and join.

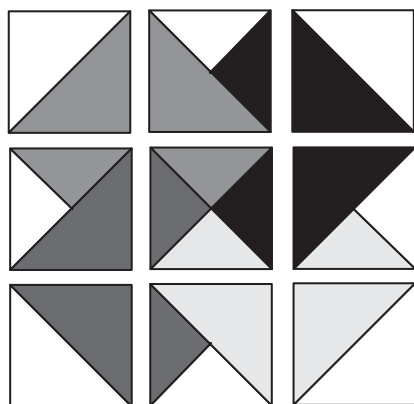

Press toward **Fabric 1**.

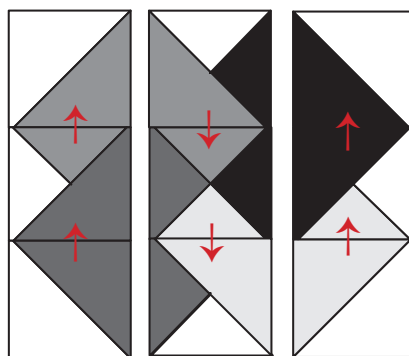

Trim each unit to 3 1/8" making (4) corner units.

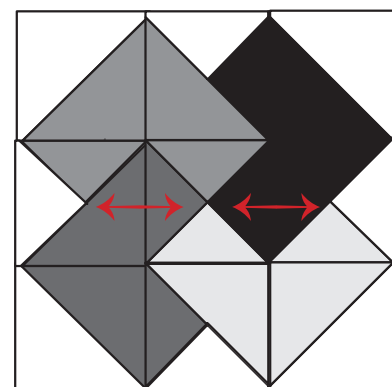

12. Arrange and, using a **scant 1/4" seam**, join in three verticle columns then join the columns together.

Arrange.

As you join each column, press the left row **UP**, the middle row **DOWN** and the right row **UP**. This will help your seams nest comfortably when sewn together.

As you join the three columns press your seams open for a flatter block.

Block measures 8 1/2".
